PREFACE

The Teachers, Students and Trustee of Sylhet Women's Medical College welcome you to your future!

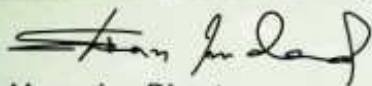

The Sylhet Women's Medical College offers students pursuing medical degrees a dynamic and diverse learning milieu in the heart of Sylhet city. Its unique location, resources and opportunities offers students of Sylhet Women's Medical College the ability to participate in the campus research community, a broad range of patient care programs, community service and student activities which all help to create a rich educational environment for medical students. With a faculty to student ratio of 1:4 (Best in Bangladesh), Sylhet Women's Medical College students get to know faculty, who act as mentors and help students plan their careers. The college's innovative medical curriculum, combined with interdisciplinary research and MBBS training programs, make the SWMC 'Excellence in Medical Education and Healthcare'.

The SWMC encourages applications from all qualified students. SWMC does not discriminate against students or applicants for admission, on the basis of race, color, ancestry, religion, national origin, age, marital status, or status as a disabled veteran. The Admissions Committee reviews the personal attributes of applicants holistically. The personal characteristics that distinguish the most highly recruited applicants include leadership, civic service, communication skills, empathy, and a commitment to social justice. The Committee looks favorably on students who inspire other students and those with interests in teaching or research. In addition, the SWMC encourages the selection of a diverse class. SWMC reserves a quota for families of Freedom Fighters, foreign students and offer waivers of fees to the less advantaged students (as per the Government of Bangladesh rules).

The SWMC is a great choice for scientists who strive to understand and apply research findings to improve the lives of the patients in their care. It offers meaningful careers that, if we're being frank, are prestigious, secure and relatively well-paid. Sylhet Women's Medical College has full residential facilities, a unique computerized library, student politics free environment, medical journal, clinical trials, and much more.

Our medical professionals are leaders in their fields in Bangladesh. This expert health care team and our state-of-the-art hospital facilities (625 beds) combine to provide residents in and around Sylhet division with advanced medical care. We also have academic exchange programs with some of the United Kingdom's top Medical Colleges. Sylhet Women's College's State of the Art hospital is totally unique, our physicians are busy excel in their specialties, management is being looked after by the best of that field, and the same truth applies to patient care, finance, legal affairs, health & hygiene, public relations, media & publication, operations, quality management, hospitality management among other areas.

Good Luck & Good Learning

Managing Director

Holy Sylhet Holding Limited

The Trustee of:

o Sylhet Women's Medical College

o SWMC Hospital

MESSAGE FROM THE PRINCIPAL

The importance of developing the healthcare sector in Bangladesh is undeniable. All over Bangladesh people suffer with little or no medical assistance due to the shortage of doctors and proper healthcare facilities. It is truly ironical that on the one hand the majority of our population is deprived of proper healthcare and on the other hand many willing and bright student's especially female students, are deprived of the opportunity of becoming doctors. The only way to properly handle this problem is to provide ample opportunities for medical education while at the same time ensure that the quality of education and the educational environment. As the number of doctors are increasing, we can able to contribute excellent healthcare service to our patients.

Sylhet Women's Medical College is an establishment which simultaneously provides healthcare for the masses through its hospital services while it builds up the medical workforce by producing dedicated, qualified and trained doctors. This college has pledged to raise the standard of education. The highly qualified teaching staff not only teaches their respective subjects they also instill within their students the sacrificing mentality which motivates them to dedicate their lives and work for the benefit of the ailing.

As mentioned in our prospectus, the founding of Sylhet Women's Medical College "aims to make women self reliant, self confident, self governing and to develop professional excellence together with high norms and unique moral values." The student population is only female. This contributes to the empowerment of women which is crying need for the balanced development of the country. A major advantage of such an institute is that the increasing number of female doctors it produces and their presence in hospitals around the country helps female patients, to be more comfortable in open discussion about their problems. Naturally, as women appear more and more in the workforce in socio-economic status of the country will be greatly benefited and we can all hope for a better tomorrow.

Finally, I express my gratitude to all concerned to develop this institute in such glorious position and hope this will continue in the coming days.

I express my best wishes to all.

Professor Dr. Md. Rezaul Karim
Principal
Sylhet Women's Medical College.

Location

Sylhet Women's Medical College is situated in the heart of Sylhet city. Sylhet city is divisional headquarters of Sylhet. It is 236 km from Dhaka, the capital of Bangladesh. Sylhet is the land of saints and sufis & regarded as the spiritual city of Bangladesh. It has excellent rail, road, air and river communications linking with capital city Dhaka as well as port city Chittagong. It takes only 35 minutes by air from Dhaka to Sylhet and 5 hours by road. Train to Sylhet can be a very pleasant journey for many.

BRIEF HISTORY

Beginning of this millennium, a group of philanthropist (NRBs, physicians, community leaders, local businessmen, engineers, teachers, and others) got together for a noble cause. Initially, the group was small, as the good news started spreading many others came and joined the group. Finally, in 2005 Holy Land Private Limited and Sylhet Health and Education Services Limited joined together for even much greater noble cause in the field of medical education and health care. Together they formed Holy Sylhet Holding Limited, commonly known as HSHL. Presently, the entire organization has 96 Directors and 13 Shareholders and over 50% of them invest in the organization as Non Resident Bangladeshis. As per the Government of Bangladesh's investment policy this qualifies HSHL and its sister concerns as one of the largest NRB (Non Resident Bangladeshi) institutional investments in Bangladesh. .

In 2006, Holy Sylhet Holding Limited (HSHL) commenced the college and hospital with the permission of the Government of Bangladesh and after completing all the necessary formalities with the respective Ministries, Departments, Medical Associations and University.

Holy Sylhet Holding Limited is in the process of developing a Dental College and a four-year Nursing College to create world standard quality dentists and registered nurses on its 3-Acres of property in the heart of Sylhet City. Sylhet Women's Medical College and Hospital is a state of the art teaching and medical facility with a unique architectural design throughout its 3 high-rise buildings built on 130,000 square feet of land in the heart of Sylhet

Aside from Sylhet Women's Medical College, the Hospital is relying on the skill and expertise of approximately 250 college-based and clinical physicians, Sylhet Women's Medical College & Hospital (SWMCH) provides comprehensive, multidisciplinary, family-focused care in more than 100 medical specialty areas. Presently, we treat approximately 200,000 outpatient and clinic visits; and have 16,200 discharges at SWMCH annually. As the primary teaching hospital for Sylhet Women's Medical College & Hospital (SWMCH), we have supervised student physician supporting our medical staff by providing around-the-clock coverage and insightful patient care.

Sylhet Women's Medical College & Hospital regularly ranks among the 5 best private teaching hospitals in Bangladesh and is accredited by Ministry of Health as well as Bangladesh Medical and Dental Council (BMDC). SWMCH is nationally recognized for its commitment to "Excellence in Medical Education and Healthcare". It is also guided by the Shahjalal University of Science and Technology (SUST).

In addition to providing quality medical care to patients and families, Sylhet Women's Medical College & Hospital is the one of the largest employers in the Sylhet Division with more 600 employees.

FORMAL APPROVAL & RECOGNITION

a) SWMC approval by MH & FW on	14.02.2006
b) College academic activities commenced from	25.05.2006
c) SUST, Sylhet affiliation on	01.08.2006
d) BMDC recognition on	08.11.2006
e) Hospital functioning with effect from	28.10.2007
f) Approval of admission of 75 students by MH & FW	03.12.2008
g) SUST, Additional affiliation of extra 25 students	06.01.2009
h) Extended BMDC Recognition	24.06.2010

Degree:

Graduation: M.B.B.S.

Duration of Course:

The MBBS course is for duration of five (5) academic years of studies followed by one year internship after graduation (as per Government rules and regulations).

Course and Curriculum:

The course and curriculum for five academic years will be the same year published by the Bangladesh Medical and Dental Council and approved by the faculty of Medicine of the Shahjalal University of Science and Technology, Sylhet.

Quality Assurance Scheme:

To maintain quality education and proper implementation of curriculum, the quality assurance scheme is fully implemented. For which the following committees are formed and they are always meeting and discussion. These are:

1. Academic Council:

Ultimate responsibility for MBBS course quality assurance and Faculty development.

2. Course Committee:

Responsible for Development, Delivery and Evaluation of MBBS course and review resources.

3. Phase Co-ordination Group:

Delivery of respective phases of MBBS course, Monthly evaluation and annual report to Course Committee

CAMPUS

- a) Land area - approximately 3 acres
- b) Hospital Building floor space-31,900 sft each x 8 =2,54,900 sft. (Destiny- 12 storied)
- c) College building floor space-12,800 sft each x 8 = 8,24,00 sft (Destiny- 12 storied)

Available Facilities:

- 1. Student's hostel
- 2. Games Room
- 3. Library
- 4. Medical Education Unit
- 5. Journal Club
- 6. Debate Club
- 7. Two large Lecture galleries (Accommodation of 300+)
- 8. Adequate classroom for all departments compatible for small group teaching.
- 9. Well equipped lecture galleries of international standard.
- 10. Library with IT facilities for students.
- 11. Library with research facilities for teachers.
- 12. Well equipped laboratories for different departments.
- 13. Auditorium and common room for the students.
- 14. TV Room
- 15. Quarterly Newsletter
- 16. Cafeteria
- 17. Restaurant
- 18. Snack shop
- 19. Pharmacy
- 20. Prayer Room
- 21. Doctors Refreshment
- 22. Teachers Refreshment
- 23. Nurse's hostel
- 24. HSHL Chairman's Office
- 25. HSHL Managing Director's Office with Administrative Unit
- 26. Principal's Office with Administrative Unit
- 27. Hospital Director's Office with Administrative Unit
- 28. All Head of the Department's Office with Admin staff
- 29. Deputy Director's Office
- 30. All Unit Head's Office
- 31. Assistant Directors Office
